# Cambridge Gynaecology Cadaveric Course

## 16<sup>th</sup> – 18<sup>th</sup> October 2023

The Cambridge Surgical Training Centre

This is a surgical anatomy and practical hands-on training course in laparoscopic and open surgery using fresh frozen cadavers in our *state of the art* anatomy Centre.

This exciting course can be undertaken in a modular fashion, allowing candidates to pick aspects of most relevance to their practice.

### COURSE PROGRAMME

**Day 1:** Cadaveric hands-on training in urogynaecology procedures i.e. colposuspension/Fascial sling/SSF/paraurethral injections

**Day 2:** Laparoscopic hands on training in Gynaecology procedures i.e steps of hysterectomy, mobilization of bladder and ureter, colpotomy, vaginal vault suturing

**Day 3:** Open procedures retroperitoneal anatomy, omentectomy, liver and spleen dissection, paraaortic lymphnode pelvic side wall dissection, lymphadenectomy  
Open pelvic and abdominal procedures in Gynaecology and Gynae-oncology as per individual learning objectives

### TARGET AUDIENCE

Core Trainees in Obstetrics and Gynaecology  
ATSM and Subspecialty Trainees  
Consultants

### OBJECTIVES

To improve understanding of surgical anatomy  
To improve surgical confidence in laparoscopic & open surgical techniques  
To understand how complications can arise and how to avoid them  
To gain insight into available surgical instrumentation/energy sources

### Course fees

**Option 1: All Three Days £995.00**

**Option 2: Any Two Days £795.00**

**Option 3: Any One Day £595.00**

**East of England Trainees:**

Please note that this course **FREE** for the current trainees **employed by** the East of England Region.

*We reserve the right to approve the applicants.*
